PROFIL

"Thomas shows a high degree of interest in the work assignments he is given. He is capable of working both solo and as team member.

Thomas is good at taking in new task, and gathering of requirements before he start addressing the to-dos. He has an analytic approach and aim for high quality deliveries." – Thomas Grubbe Møller, BetterBI ApS

I have been passionate about data and reporting ever since I worked with data extraction and wrangling for the bi-weekly reports at Sønderjysk Forsikring.

EMPLOYMENT HISTORY

Data Warehouse Architect @ BetterBI ApS

Jun 2021 ->

Sønderborg

Designing and implementing data warehouse and Power BI apps for the business to manage the finance and supply chain.
